Una forma de ser, una manera de hacer

Llevamos casi 40 años dedicados al diseño y fabricación de productos para el cuarto de baño con la misma pasión, dedicación e ilusión que el primer día. Desde Santander, esa tierra que nos vio nacer, y que durante décadas nos ha visto crecer, nos sentimos orgullosos de ver nuestros productos en todo el mundo. Y es que la constancia en el trabajo, la inversión en I+D+i junto a nuestra pasión por el diseño y la creatividad han hecho posible nuestra presencia en más de 90 países.

A way of being, a way of doing

We've spent nearly 40 years working on the design and manufacture of products for the bathroom with the same passion, dedication and enthusiasm as the first day. From Santander, the land where we were born and that has seen us grow over the decades, we are proud to see our products all over the world. And perseverance in our work and investment in R&D, coupled with our passion for design and creativity, have been key in enabling our presence in more than 90 countries.

Un proyecto global

Entender lo que piensan nuestros clientes, sus gustos y necesidades es esencial para nosotros. Nuestra presencia a lo largo y ancho del globo nos permite ampliar nuestro conocimiento sobre otras culturas y escenarios. Esto hace posible que nuestros gustos evolucionen: cuanto más conocemos los mercados en los que estamos presentes, más posibilidades de innovación encontramos.

A global project

Understanding what our customers are thinking, their tastes and needs, is essential for us. Our presence all over the world allows us to expand our knowledge of other cultures and settings. This allows our tastes to evolve: the better we know the markets we work in, the more possibilities for innovation we discover.

Una plataforma para llegar a ti

En Bathco somos capaces de comprometernos porque estamos capacitados para dar una respuesta a la altura de los compromisos adquiridos. Con más de 6000m², nuestro moderno centro logístico es el corazón de nuestra empresa; la pieza que nos ha permitido hacer de lo que en su día fue el ideal de la excelencia en el servicio, prácticamente una exigencia diaria. Y es que una eficaz distribución que garantice un servicio rápido y personalizado a nuestros clientes es fundamental. De nuestro centro logístico a la carretera o el barco, nuestros productos se distribuyen a lo largo y ancho de los cinco continentes.

A platform for reaching you

At Bathco, we are able to make a serious commitment because we can grant a reliable response. With more than 6.000m², our modern logistic center is the heart of our company, the piece which has allowed us to develop the ideal of excellence in service according to the daily demand. An efficient distribution which guarantees quick and personalized deliveries to our customers is our main priority. From our premises to the road, ship or plane, our products are distributed throughout the five continents.

Explorar el espacio con otra perspectiva

Hace tiempo comprendimos que debíamos alejarnos y ver los objetos cotidianos con una nueva perspectiva que se saliese de lo común. Hicimos un zoom out que nos permitió abrir nuestra mente y ver una cantidad infinita de posibilidades. En este proceso de apertura nos acompañan diseñadores muy vinculados al mundo del interiorismo y la arquitectura como son: Pascual Salvador y la agencia Stimulo Design.

Exploring the space from a different perspective

Some time ago we understood that we needed to step back and look at everyday objects from a new perspective that was out of the ordinary. We zoomed out to open our minds and see an infinite number of possibilities. In this process of opening ourselves up, we are accompanied by designers who are very close to the world of interior design and architecture, like Pascual Salvador and the Stimulo Design agency.

La mirada puesta en el futuro

A través de I+D+i intentamos superarnos a nosotros mismos. Ya sea a nivel interno o con la colaboración de instituciones como el Centro Tecnológico de Componentes de Cantabria trabajamos para obtener materiales con características mejoradas: impermeabilidad, durabilidad, ligereza, etc. Este catálogo se convierte en un fiel reflejo de nuestra labor investigadora. Aunque la porcelana sigue siendo el principal protagonista, surgen nuevos materiales como el acero y el aluminio que aportan nuevas posibilidades para el interiorismo del cuarto de baño.

A gaze fixed on the future

Through R&D+i, we continually try to outdo ourselves. Whether internally or through collaboration with institutions like the Centro Tecnológico de Componentes in Cantabria, we work to obtain materials with improved characteristics: impermeability, durability, lightness, etc. This catalogue becomes a true reflection of our research work. Although porcelain continues to play a starring role, new materials are emerging, like steel and aluminium, which offer new possibilities for interior design in bathrooms.

Nuestro taller, cobijo de inspiración

No podíamos olvidarnos de mencionar nuestro último proyecto, lo que mejor define cómo somos y lo que hacemos, nuestro Atelier. En él surgen nuevas colecciones que se merecen otro protagonismo y por ello cuentan con un catálogo propio, David Delfin, Mariscal, Vintage & More, Bathco Atelier, Gold & Silver y Swarovski. En nuestro taller se desarrollan los procesos más creativos y artesanales: la aplicación manual de calcas, las pinceladas de los artistas, las incrustaciones de cristales... En definitiva, un espacio de investigación y creación constante que nos aporta una fuente inagotable de ideas y nuevas propuestas.

Our workshop, a haven for inspiration

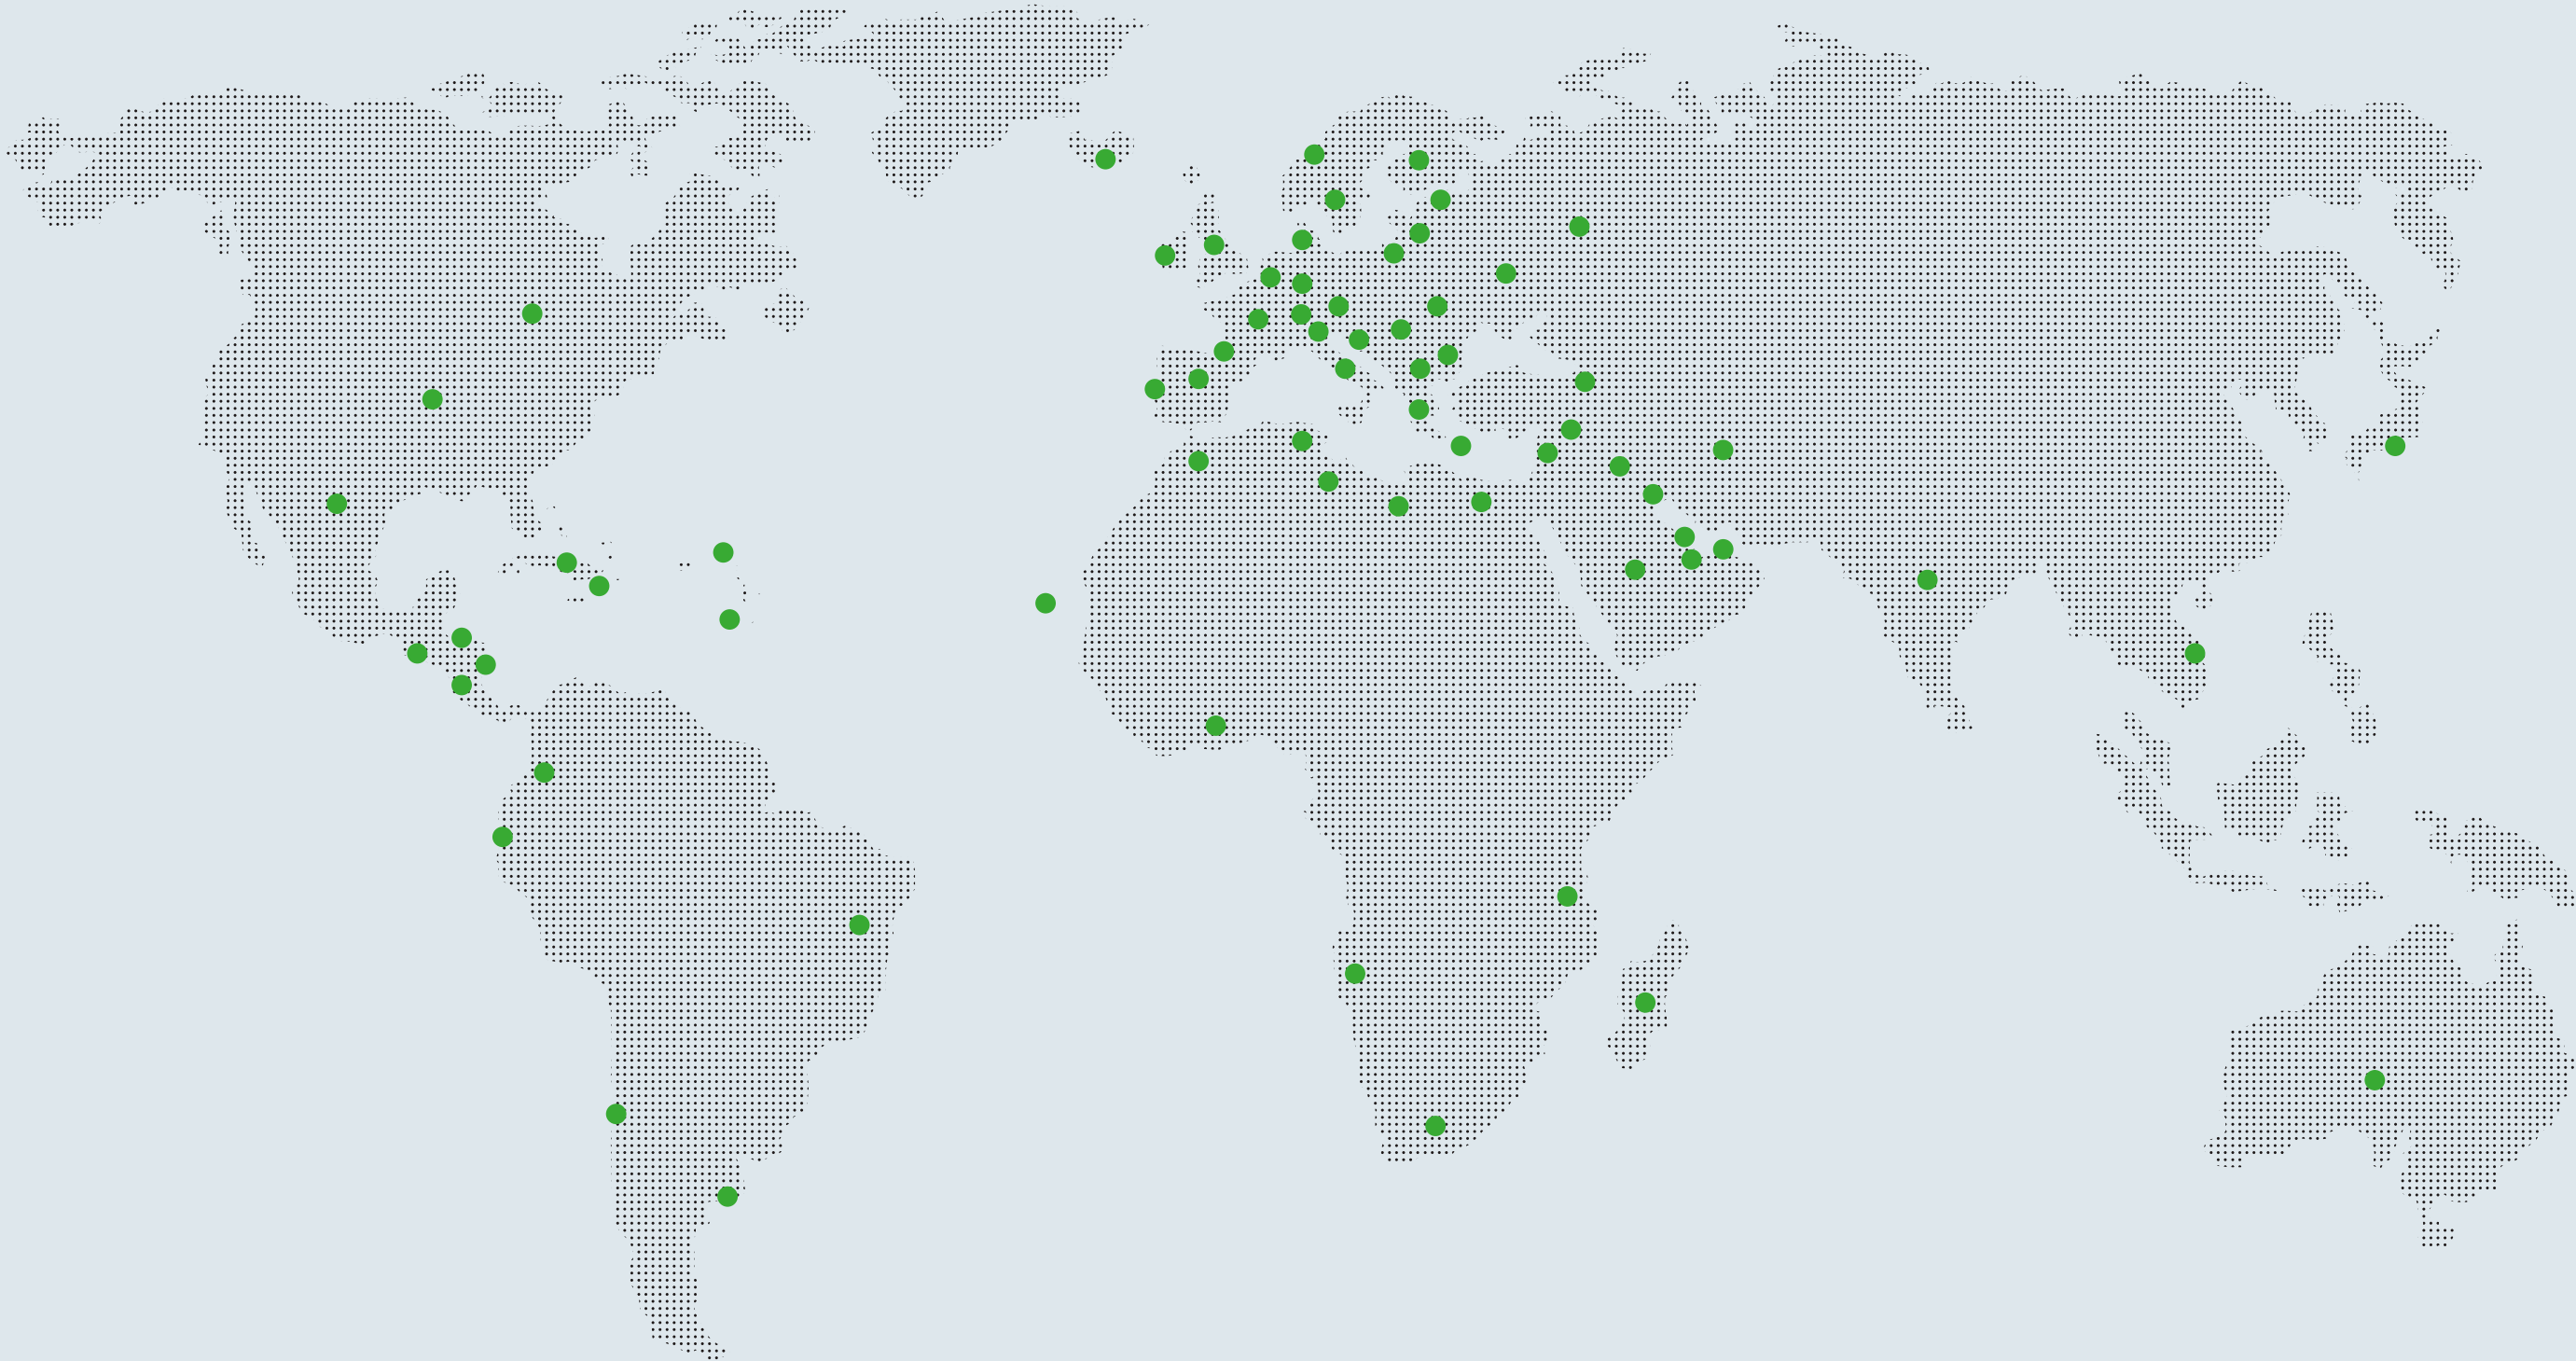

We mustn't forget to mention our latest project, the one that best defines us and what we do, our Atelier. In it, new collections emerge that are worthy of a new role and therefore have their own catalogues, David Delfin, Mariscal, Vintage & More, Bathco Atelier, Gold & Silver and Swarovski. In our workshop, the most creative and artisanal processes are developed: the manual application of stencilling, the brush strokes of artists, the crystal inlays... In short, a space for ongoing research and creation that is an inexhaustible source of ideas and new propositions.

En este ambiente neutro y agradable, la luz diurna remarca la paleta cromática dominada por el blanco en paredes, techos, puertas, marcos y mobiliario, mientras que el pavimento porcelánico del suelo, que se extiende por toda la vivienda, genera una mayor sensación de amplitud y armonía. En la zona de noche, una suite principal, dos dormitorios infantiles y uno para invitados se reparten a ambos lados del corredor. La suite principal dispone de un baño con lavabos Castellón, en el baño de los niños y en el de invitados se pueden encontrar lavabos de bajoencastre Torino.

In this neutral and pleasant environment, daylight highlights the chromatic palette dominated by white on walls, ceilings, doors, frames and furniture, while the porcelain floor, which extends throughout the house, generates a greater sensation of breadth and harmony. At night area, we can find a suite, two children's bedrooms and a guest room. They are distributed on both sides of the corridor. At suite has been installed a Castellon washbasin and we can find a Torino washbasin at children and guest bathroom.

En Fevik nos encontramos con un proyecto muy campestre de Maria Rasmussen, interiorista de New Room Interior. El trabajo consistió en reformar esta casa para lo que se inspiró en dos estilos: nórdico y campestre. Esta fusión le permitió convertir esta casa en un lugar único en el que se respira tranquilidad y se siente un calor muy hogareño. En el baño se pueden encontrar dos lavabos Castellón C sobre un mueble de madera hecho a medida para aprovechar el espacio.

In Fevik we find a very pastoral project by Maria Rasmussen, an interior designer with New Room Interior. The work consisted of renovating this house to reflect two styles: Nordic and country. This fusion made it possible to transform this house into a unique place that breathes tranquillity and homey warmth. In the bathroom, Castellón C washbasins were chosen on a wooden cabinet that was custom-made to take full advantage the space.

Están los que viajan para escapar y los que lo hacen para reencontrarse. Los que se reúnen con la familia por vacaciones a miles de kilómetros de casa y a los que les gusta ser anfitriones incluso en un país ajeno. Para clientes como ellos Egue y Seta ha creado una vivienda en propiedad destinada a albergar vacaciones en familia “in style”, combinando la comodidad del mejor de los hoteles “urban chic” con la flexibilidad de la casa propia. En la mitad más privada de este piso del Eixample barcelonés, encontramos tres habitaciones “en suite” con vestidor y baño propio donde está presente el lavabo Santander a las cuales accedemos a través de un pasillo recibidor que se plantea como oasis “verde”.

There are those who travel to escape and those who do it to meet again. Those who gather with family for vacation thousands of kilometers away from home and those who like to host even when in a foreign country. For customers like them Egue y Seta has created a privately owned residence designed to accommodate a family of ten used to vacation “in style”, combining the comfort of the best “urban chic” hotels with the flexibility of one’s own home. In its more private half of this flat in Barcelona’s Eixample neighbourhood, are three “suite” bedrooms each with their own walk-in closet bathroom where are present Santander washbasin to which we access through an entrance hall that stands as the “green” oasis.

YURBBAN TRAFALGAR
(Barcelona, España)
ESTUDIO: Raquel Sogorb
FOTOS: Hotel Yurbban Trafalgar

Yurbban nace en Barcelona con la voluntad de unir los conceptos de turismo urbano y la esencia de lo local, lo auténtico, lo autóctono. Un hotel de estilo vintage y matices modernos pensado para que disfrutes de tu estancia en el corazón de la ciudad, con el mayor confort y tranquilidad. Su estilo es único, propio y diferencial se debe al trabajo del estudio Raquel Sogorb, con un toque vintage en su decoración, que incluye muebles de madera o sofás de piel, y una luz indirecta para iluminar los interiores. En la zona del tocador de las habitaciones se puede encontrar el lavabo Dual de Stone Series.

Yurbban was created in Barcelona with the desire to unite the concepts of urban tourism and the essence of what is true, local and authentic. A vintage-style hotel with modern touches designed so you can enjoy your stay in the heart of the city in the calmest, most comfortable setting. Its unique and one-of-a-kind style is the result of the project made by Raquel Sogorb studio, with vintage touches in the decoration, which includes wood furniture and leather sofas, and indirect lighting throughout the building. In the bathrooms, you could find Dual washbasin from Stone Series.

ESPACIOS PÚBLICOS / PUBLIC SPACES

Inaugurado en su primera fase de construcción en 2013, es el sucesor de “La Catedral” el Antiguo San Mamés. El estadio es utilizado principalmente por el Athletic Club para la práctica de fútbol, si bien tiene otros usos complementarios en los que se incluye un centro de innovación deportiva y otro de medicina deportiva, una pista de atletismo subterránea y un polideportivo municipal. Además, es utilizado como recinto para conciertos de gran envergadura, al igual que su antecesor. En los baños del estadio, fueron instalados en hilera lavabos Bolonia pertenecientes a la colección de porcelana rectangular, simulando junto a la pared roja, el escudo del equipo.

Officially opened in its first phase of construction in 2013, this stadium is the successor of the called “La Catedral” stadium, the Old San Mames. The stadium is used primarily by the Athletic club for training but includes also other complementary uses as a center for sports innovation and sports medicine, a subterranean running track and a municipal sports center. It is also planned to use it for big concerts as well as the previous one. A series of Bolonia washbasins, from the rectangular porcelain collection, were installed in a line in the stadium restrooms to simulate, with the red wall, the team’s logo.

EL TABARLOT (Barcelona, Spain)
STUDIO: Batua Interiores Creativos
PHOTOS: Batua interiores creativos and MerceBostPhoto

Tabarlot es un restaurante donde se refleja claramente que la conserva o la lata que la contiene, pasa a ser la protagonista. Latas y jamones cobran vida, encerrándolos en jaulas, que presiden las dos grandes barras, cada una especializada en un plato estrella. En el espacio conviven materiales toscos y rudos como el microcemento y las mallas electro-soldadas, con materiales nobles y cálidos como la madera de roble. El binomio es constante incluso en el baño donde conviven las rejillas metálicas y la porcelana del lavabo Gomera, perteneciente a la colección rectangular, una pieza perfecta para espacios reducidos.

Tabarlot is a restaurant that clearly reflects that the food, or the tin that contains it, is the protagonist. Tins and ham legs are brought alive in the cages that preside over the two large bars, each specialised in a signature dish. Simple and industrial materials, like microcement and electro-welded mesh, are juxtaposed with noble and warm materials, like oak. The juxtaposition is everywhere, even in the bath-room where metal grates coexist with the porcelain of the Gomera, washbasin from rectangular collection, a perfect piece for small spaces.

Destacando como especialidad sus arroces y platos elaborados a partir de changurro, El Sacacorchos es un restaurante recientemente rehabilitado por el estudio Olalde. Un ambiente ecléctico donde mezcla piezas vintage, industriales y actuales que destacan sobre la madera que juega un papel importante en todo el entorno. En el baño se instaló el lavabo Castellón de porcelana negra bajo un espejo retro iluminado en acabado dorado.

Known for its rice dishes and specialties made with crabmeat, El Sacacorchos is a restaurant that has just been renovated by the Olalde studio. An eclectic atmosphere that combines vintage, industrial and contemporary pieces that stand out against the wood that plays an important role throughout the space. In the restrooms, they installed the Castellón washbasin in black porcelain under a backlit mirror finished in gold.

An aerial photograph of a coastline. The ocean is a deep blue-green color, with white foam from breaking waves visible. The waves are moving from the top of the frame towards the bottom, where they meet a sandy beach. The sky is a pale, overcast blue. The overall tone is serene and natural.
